Set sail on an ethereal vintage sailing yacht to your own private paradise. The island accommodates up to eight people where you are free to explore two pristine white sand beaches teeming with flamboyant marine life. Arising from the desire to create an unparalleled private island rental experience in Asia, the inimitable East Indies colonial antique style is evident in the enchanting antique joglo, which houses two impeccable master suites and a spacious main dining room. Craftsmen transported the house from Java and reassembled it twenty metres from the flawless azure sea that encircles this divine dreamscape. Two charmingly beautiful traditional bungalows are also nestled nearby. On arrival, step foot onto a powder white sand beach and be warmly welcomed by the Isle East Indies team. Expect exceptional, discreet butler service in which your every whim is anticipated and attended to leaving you with only thing to do: unwind and enjoy your private island.

At Isle East Indies, all decisions regarding cuisine are removed. A new menu is created daily to perfectly suit your tastes while the freshest tropical ingredients of the Archipelago create a fusion of Eastern and Western dishes to tantalise the taste buds. Sip from a fresh young coconut and enjoy a tropical fruit salad breakfast platter or watch the local fishermen arrive onshore with freshly caught fish to be prepared for lunch. Relax amongst a sumptuous beach barbeque as the majestic sun sets against the Java Sea. There are several breath-taking spots around the island to enjoy fresh tropical delights. The Bale is a cosy stand-alone pavilion with cushioned daybeds and traditional serving trays, a place to enjoy meals in relaxed comfort, while listening to the waves lapping against the shoreline. If you would prefer a romantic interlude, a table for two at Sunset Point on the beach is guaranteed to alight the romantic in you. Proposals have been made there (and accepted)!

With a minimum three-day stay, a personally tailored wellness retreat can be created to your specific needs. Working with a team of highly qualified yoga instructors, traditional gurus and self-development consultants, you will experience a balance of yoga, meditation, wellness cuisine and spiritual guidance as well as plenty of time to decompress. For those who want to venture offshore, there are lots of water activities on offer including snorkelling equipment for those who want to explore the island's underwater paradise. Kayaks are a great way to enjoy the scenery and for visiting neighbouring islands too. If you're looking for an adrenaline kick then jump into a pair of water skis and let the captain jet you across the strait or don some scuba gear and explore the reef below. Fishing is also a perfect way to while away the morning and bring back lunch too.

Whether it's a destination wedding, dream honeymoon or well rounded family vacation, Isle East Indies is the ultimate refined retreat in Indonesia for those wishing to step back from reality into their own private fantasy island.
